*** Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's Surveyors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs of ships or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register Book, must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is no Surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The *Date of Survey* of a Ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of Survey, it is hereby intimated that the duty of giving *Notice of Periodical Surveys* required by the Rules, or when repairs are necessary in consequence of damage, or from other causes, rests with the Owners, Masters, or Agents.

*** Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's Surveyors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs of ships or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register Book, must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is no Surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The *Date of Survey* of a Ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of Survey, it is hereby intimated that the duty of giving *Notice of Periodical Surveys* required by the Rules, or when repairs are necessary in consequence of damage, or from other causes, rests with the Owners, Masters, or Agents.

Numéro Officiel.	Nom du Navire. Matériaux. Gréement, etc. Capitaine. Ex-nom, s'il y a lieu. Visites Périodiques. Nombres des Ponts.	Tonnage	Détails de la Classification. Cote.	Construit. Quand. Où.	Armateurs.	Dimensions d'après la Jauge. Superstructures, &c. Longueur. Largeur. Creux.	Port d'Enregistrement. Pavillon.	Machines. No. & Dia. des Cylindres.—Course. Pression des Chaudières. *** Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned ✠ character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's Surveyors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs of ships or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register Book, must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is no Surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The *Date of Survey* of a Ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of Survey, it is hereby intimated that the duty of giving *Notice of Periodical Surveys* required by the Rules, or when repairs are necessary in consequence of damage, or from other causes, rests with the Owners, Masters, or Agents.

1 No. in Book. / Official No. / Code Letters.	2 Steamer's Name. Material, Rig, &c. / Master. / Special Surveys.	3 Late Name if any. / No. of Decks, &c.	4 Register Tonnage: Gross / Under deck. / Net.	5 Particulars of Classification. Character. — ✠ for Special Survey. Date of last Survey.	6 Port of Survey.	7 Years Assigned and Periodical Repairs Letter	8 Built. When. — Ship. — Engines.	9 By Whom. — Where.	10 Owners.	11 Register'd Dimensions. Deck Erections, &c. Length.	Breadth.	Depth.	12 Port of Registry. / Flag.	13 Engines. No. & Dia. of Cylinders.—Stroke Boiler Pressure. NP=Horse-power by Society's formulæ; RHP=power by Ship's Register Particulars of Boilers & Furnaces Engine Maker's Name.	14 Moulded depth. / Freeboard amidships ft. in.	15 Registers in which classed. If not in L. R. classed in O.F. or Ad.Cert.

While the Committee take all means possible to obtain correct information concerning the Vessels entered in the Society's Register Book, it will be understood that in the case of Vessels not classed by the Society they cannot vouch for the complete accuracy of all the particulars given in respect of dates of metalling, tonnage, dimensions, decks, classification, &c.

⁂ Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's Surveyors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs of ships or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register Book, must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is no Surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The *Date of Survey* of a Ship only certifies to its efficiency at that time

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of Survey, it is hereby intimated that the duty of giving *Notice of Periodical Surveys* required by the Rules, or when repairs are necessary in consequence of damage, or from other causes, rests with the Owners, Masters, or Agents.

1 No. in Book. Official No. Code Letters.	2 Steamer's Name. Material, Rig, &c. Master. Late Name if any. Special Surveys. No. of Decks, &c.	4 Regist'd Tonnage Gross. Under deck. Net.	5 6 7 Particulars of Classification. Character. Special Survey. Date of last Survey. Port of Survey. Tons Assigned	8 9 Built. When. Ship. Engines. By Whom. Where.	10 Owners.	11 Regist'd Dimensions. Deck Erections, &c. Length. Breadth. Depth.	12 Port of Registry. Flag.	13 Engines. No. & Dia. of Cylinders — Stroke Boiler Pressure NHP = Horse power by Society's formula; RHP = power by Ship's Register. Particulars of Boilers & Furnaces Engine Maker's Name	14 Moulded depth. ft. in.	15 Registers in which classed, if not in L.R. Master, Boatswain & Carpenter's Certificates.	16 Mean Draft. (See Reg.)

While the Committee take all means possible to obtain correct information concerning the Vessels entered in the Society's Register Book, it will be understood that in the case of Vessels not classed by the Society they cannot vouch for the complete accuracy of all the particulars given in respect of dates of metalling, tonnage, dimensions, decks, classification, &c.

*** Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned ■ character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's Surveyors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs of ships or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register Book, must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is no Surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The *Date of Survey* of a Ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of Survey, it is hereby intimated that the duty of giving *Notice of Periodical Surveys* required by the Rules, or when repairs ■■ necessary in consequence of damage, or from other causes, rests with the Owners, Masters, or Agents.

*** Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's Surveyors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs of ships or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register Book, must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is no Surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The *Date of Survey* of a Ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of Survey, it is hereby intimated that the duty of giving *Notice of Periodical Surveys* required by the Rules, or when repairs are necessary in consequence of damage, or from other causes, rests with the Owners, Masters, or Agents.

No. in Book. / Official No. / Code Letters. — Steamer's Name. Material, Rig, &c. — Master. Late Name if any. — Special Surveys. No. of Decks, &c.	Registered Tonnage. Gross. Under deck. Net.	Particulars of Classification. Character. — † for Special Survey. Date of Survey. Period of Classification. Year last Surveyed. Where Surveyed.	Built. When. By Whom. Where. Engines.	Owners.	Register'd Dimensions. Deck Erections, &c. Length. Breadth. Depth.	Port of Registry. Flag.	Engines. No. & Dia. of Cylinders.—Stroke. Boiler Pressure. NHP=Horse power by Society's formula; RHP=power by Ship's Register. Particulars of Boilers & Furnaces. Engine Maker's Name.	Machinery deduction. Midships. ft in.	Register, if not in Lloyd's Class, and Date of Trade Certificate.

While the Committee take all means possible to obtain correct information concerning the Vessels entered in the Society's Register Book, it will be understood that in the case of Vessels not classed by the Society they cannot vouch for the complete accuracy of all the particulars given in respect of dates of metalling, tonnage, dimensions, decks, classification, &c.
